ATTENTION LOVELADY ISD TAXPAYERS

Lovelady ISD Proposition A was defeated in the November 2026 election.

The Houston County Appraisal District tax statements originally mailed in October 2026 were calculated using the proposed tax rate associated with Proposition A.

After November 12, 2026, corrected tax statements were mailed to taxpayers who had not paid their Lovelady ISD taxes by October 31, 2026. These corrected statements reflect the revised Lovelady ISD tax rate resulting from the failure of Proposition A.

Please note: The corrected statements include only Lovelady ISD taxes. If you own property in other taxing jurisdictions, you should continue to pay those amounts as shown on your original October 2026 tax statements.

Taxpayers who paid their Lovelady ISD taxes before November 1, 2026, may be eligible for a refund of any overpayment resulting from the revised tax rate.

If you have questions or believe you may be eligible for a refund, please contact the Houston County Appraisal District.
